**DETAILED ACTION**

***Reissue Applications***

The reissue oath/declaration filed with this application is defective because it fails to contain a statement that all errors which are being corrected in the reissue application up to the time of filing of the oath/declaration arose without any deceptive intention on the part of the applicant. See 37 CFR 1.175 and MPEP § 1414.

In accordance with 37 CFR 1.175(b)(1), a supplemental reissue oath/declaration under 37 CFR 1.175(b)(1) must be received before this reissue application can be allowed.

Claims 12, 13-22, 33-39, 41-44, 46, 47, 49 and 51-53 are rejected as being based upon a defective reissue declaration under 35 U.S.C. 251. See 37 CFR 1.175. The nature of the defect is set forth above.

Receipt of an appropriate supplemental oath/declaration under 37 CFR 1.175(b)(1) will overcome this rejection under 35 U.S.C. 251. An example of acceptable language to be used in the supplemental oath/declaration is as follows:

"Every error in the patent which was corrected in the present reissue application, and is not covered by a prior oath/declaration submitted in this application, arose without any deceptive intention on the part of the applicant."

***Terminal Disclaimer***

The terminal disclaimers filed on 04/06/05 disclaiming the terminal portion of any patent granted on this application which would extend beyond the expiration date of US Patents 5,970,751; 5,879,649; and 5,154,744 have been reviewed and is accepted. The terminal disclaimers have been recorded. It is noted that Examiner had previously requested (by phone) the terminal disclaimers be filed.
